

SPECIAL EDITION: Annual Training - Fort Stewart

On Nov. 3 - 4, 2006, all five Brigades of the Georgia State Defense Force came together at Fort Stewart, GA, for the GSDF's Annual Training mission. This year's AT focused on a field exercise involving a simulated hurricane disaster. Training included search & rescue, triage and stabilization of mass casualties, procedures for clearing and securing an LZ, and loading/unloading operations for helicopter MEDEVAC on UH-1 and CH-47 helicopters provided by the Georgia Air National Guard.

The State Defense Force would like to give special thanks to the young cadets from Fort Stewart's Youth Challenge Academy, who served in the role of "casualties" during the field exercise. The GSDF would also like to thank installation managers at Fort Stewart for use of Wright Army Airfield and other facilities at the home of the 3rd Infantry Division. Rock of the Marne!
